# MILITARY MEN BACK STRONG U. S. IDEA

## Pickaway County Girl Healthiest In Ohio

### BETTY RIDDLE WINS TOP HONOR AT STATE FAIR

Orient Route 1 4-H Member  
To Represent Ohio At  
National Congress

Miss Betty Jean Riddle, daughter of Mr. and Mrs. Russell Riddle, Route 1, Orient, was chosen healthiest girl in the state in the finals of the state 4-H club healthiest boy and girl contest at the Ohio State Fair Thursday.

She will represent the Ohio 4-H Club at the national 4-H congress in Chicago on December 1.

MISS RIDDLE, valedictorian of her graduating class at Darby township high school, Derby, and a 4-H club member for seven years, was selected to represent Pickaway county's girls at the state contest in the county elimination contest conducted by Dr. A. D. Blackburn, county health commissioner, Miss Genieve E. Alley, home demonstration agent, and Lawrence A. Best, county agricultural agent.

Assistant Leader of the Darby Flying Needles and Secretary of the Darby Fine and Dandy Club, Miss Riddle has completed 14 projects during seven years of 4-H Club work in home economics and livestock. She made a complete costume, engaged in junior leadership and had a dairy cow and poultry as her projects this year.

In addition to her 4-H club work Miss Riddle is active in the county Older Rural Youth organization, in camping and other agricultural and club work. She is enrolled in Mary Washington College, Fredericksburg, Virginia.

### Government Announces Controlled Version Of Atomic Bomb Achieved

WASHINGTON, Aug. 29.—The government announced today achievement of the first controlled version of the atomic bomb which will speed development of new peacetime uses of atomic energy and improved weapons.

The atomic energy commission said that a new type chain reaction plant or "pile" utilizing high energy neutrons for atomic fission of plutonium is being operated successfully at its Los Alamos, N. M., laboratory.

Scientists are unable to control the nuclear fission in the atomic bomb once the chain reaction gets underway. The new, controllable unit gives them an opportunity to study what happens before the A-bomb explodes.

ALTHOUGH THE new development is similar to the bomb and marks a great stride forward in atomic research, it is not designed to create an explosion such as the blast of the bomb.

The new unit is the first to employ the fission of the man-made element, plutonium, instead of uranium which is used in the A-bomb. It also is the first unit to use fast neutrons.

All other reactors have mixed with their nuclear fuel some other substance, such as graphite, or water, to slow down the neutrons. The new unit utilizes no diluting substance and shares with the bomb the property of

### RUSSIA REJECTS ATOMIC REPORT

Gromyko Voices Opposition  
To Second Year's Work  
Of UN Group

LAKE SUCCESS, N. Y., Aug. 29.—The Soviet Union rejected the second year's work of the atomic energy commission today and branded the broadened scheme for U. N. atom control as unacceptable as the vetoless Baruch plan.

Soviet Delegate Andrei Gromyko's negative verdict was presented at the meeting of the atomic working committee.

Gromyko blasted the prospects of concrete progress among the nations on an atomic control pact for at least another year.

The 12-member commission has consistently opposed the Russian plan for atomic control, which differed radically from that of the Baruch principles. The Soviet program leaves final atomic authority in the hands of individual governments and permits the veto to operate in such instances as punishment of atomic code violators.

The Russian asserted this morning that since many of the new provisions resembled the Baruch plan and contained its faults, the Soviet Union must continue its opposition in every respect.

### NEW RISE IN WHOLESALE PRICES NOTED IN U. S.

WASHINGTON, Aug. 29.—Wholesale prices, spurred by increases for a few non-agricultural commodities, rose three-tenths of one per cent during the week ending Aug. 23.

Although the movies left New York years ago, picture business has always had relations there—many of them on the payroll as producers.

Meanwhile the treasury is considering technicolor money on the advice of Rep. Edith Rogers.

The idea is to issue paper money in a variety of colors—probably all fast fading like our present money.

The feeling is that people tire of the drab color of the money we have now—but not any of the people I know.

Still it will be a relief to George Washington to lose that lettuce complexion he has on the dollar bill.

### MAXIMOS TRIES TO FORM NEW GREEK CABINET

Coalition Government May  
Not Be Completed Until  
U. S. Views Known

ATHENS, Aug. 29—Demetrios Maximos, premier of the seven-party Greek coalition cabinet that fell last Saturday, conditionally accepted today King Paul's mandate to revive the coalition.

The nature of the conditions was not immediately known, but undoubtedly concerns a redistribution of the ministries.

Maximos accepted after visiting the palace shortly after noon. He then went immediately to see Constantine Tsaldaris, Populist party head, to iron out last-minute differences.

PARTY LEADERS then will resume their maneuvering on distribution of the portfolios. It looks like this sort of a compromise:

George Papandreou, the resigned interior minister, will get the war ministry that was held by George Stratos.

Gen. Napoleon Zervas, extreme rightist, will retain the public order portfolio.

Papandreou and two other party leaders had demanded the removal of Stratos and Zervas when they resigned and toppled last week's cabinet. Tsaldaris, the foreign minister, had refused.

Informants said that the entire formation of the cabinet, however, may await the arrival of Loy Henderson, U. S. state department expert on middle eastern affairs who left Washington by plane last night.

Dwight P. Griswold, former Nebraska governor who is head of the U. S. aid mission, conferred with Greek newsmen today to reply to Populist party

(Continued on Page Two)

### TRUMAN STILL WORRIED ABOUT DP PROBLEM

WASHINGTON, Aug. 29.—President Truman expressed further concern today over displaced persons in his 11th quarterly report to congress on operations of the United Nations relief and rehabilitation administration.

Mr. Truman pointed out that the displaced persons program was transferred from the virtually dead UNRRA on July 1 to the international refugee organization. He said:

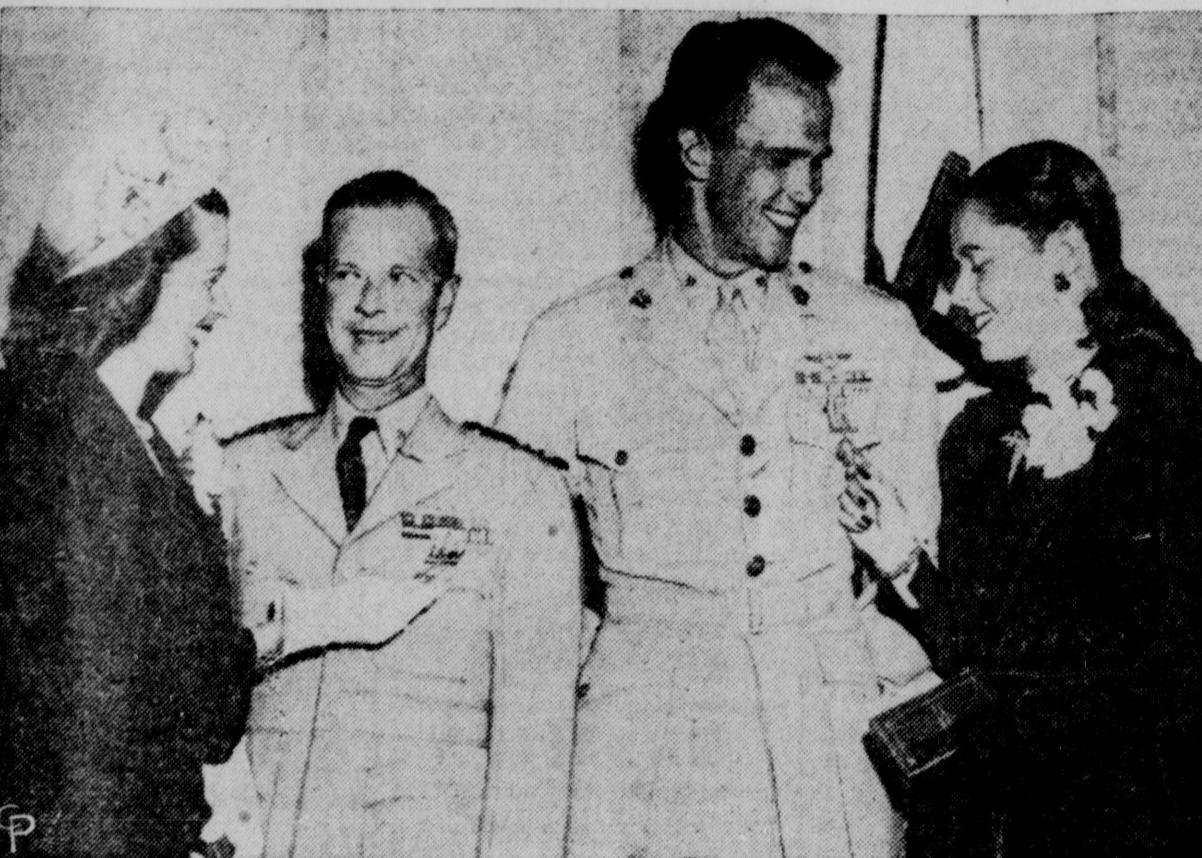

"The United States continues its great concern for these unfortunate people, and the congress has authorized a United States contribution to the work of IRO in the hope that this organization may conclude the task of resettling or otherwise repatriating the bulk of these people who have suffered so long."

The UNRRA report covered the quarter Jan. 1 to March 31 during which estimated shipments of supplies from the United States to UNRRA receiving countries amounted to approximately one million 970 thousand tons, valued at approximately 212 million 230 thousand dollars.

### NEW RECORD PRICE FOR PEACHES' SUES AGAIN

REDWOOD CITY, Cal., Aug. 29.—The former "Peaches" Browning sought a divorce today in San Mateo county superior court from her fourth husband, Ralph N. Willson, wealthy Columbus, O., meat packer. "Peaches," now Mrs. Frances Heenan Browning Hynes Cullinan, charged extreme cruelty in the action.

CINCINNATI, O., Aug. 29.—A new record price for a steer was written into the records of the Cincinnati livestock yards today. A steer sold to E. Hahn's sons company of Cincinnati by Paul McCray, Liberty, Ind., farmer brought \$32.50 per hundred pounds. The animal weighed 1270 pounds.

U. S. NAVY AND MARINE AIR FORCE PILOTS, who established new world speed records in the jet Skystreak five days apart, receive gold stars from the Navy department in Washington, D. C., with their wives on hand to do the admiring. From left: Mrs. Caldwell, Navy Comdr. Turner Foster Caldwell, Jr., who flew 640.7 miles per hour; Marine Major Marion E. Carl, who flew 650 miles per hour, and Mrs. Carl.

### Business To Slow Down For Annual Labor Holiday

### TWO NEW CASES OF POLIO FOUND

Raymond Radabaugh, 4, Lois Walters, 7, New County Victims Of Disease

Circleville and Pickaway county had two more victims of infantile paralysis Friday, one in Circleville and one in Ringgold.

Gov. Dewey, breaking his recent silence on national and international affairs, came out squarely for bipartisan adoption of universal training. He asserted that America must be ready "to sacrifice, if necessary, to make itself strong enough to resist attack."

The governor made his remarks from the platform of the convention. He repeated them, in substance, at a banquet later.

SECRETARY OF defense-designate James V. Forrestal told the convention that the recent unification of the armed forces was carried out as a measure to maintain peace.

But, he continued, one more measure—adoption of universal military training—is necessary

(Continued on Page Two)

### PATROL CHIEF URGES CAUTION OVER HOLIDAY

COLUMBUS, O., Aug. 29.—Make certain your automobile is in good mechanical condition; plan your trip so you have plenty of time; observe and obey all traffic control signs and signals; and don't take any unnecessary chances.

These were the main points stressed by Col. George Mingle, head of the Ohio state highway patrol, in an appeal for careful driving over the three-day Labor Day weekend.

Colonel Mingle warned that "unless there is a radical departure from the two previous three-day holiday weekends in 1947," between 200 and 300 persons will lose their lives in traffic accidents throughout the United States.

Mingle said Ohio's contribution to the death toll would approximate 10 to 15 persons. In addition, he warned that generally between 125 and 150 persons are injured over such a weekend.

Showers and cooler air invaded the northern area during the night and an overcast was holding the mercury down to comfortable readings of probably not much higher than 80 degrees this afternoon.

"Each motorist should attempt to see he is not one of these victims," Mingle warned.

### CHINESE REBELS FIRE ON U. S. MARINE PARTY

SHANGHAI, Aug. 29.—Chinese guerrillas were disclosed today to have opened fire from ambush on a small American landing party and fired at a U. S. Marine corps plane Wednesday in North China.

The armed landing patrol returned the fire, suffering no casualties in the battle while the guerrilla losses were not ascertained.

The American party went ashore yesterday afternoon near the Tsingtao U. S. Marine corps base in search of a Marine flyer lost when his plane crashed in the Goose Point area of the Chinkiang promontory.

Gunfire from the ground was directed against a plane searching for the missing flyer the day before the patrol party landed in the area.

### WARM HOLIDAY EXPECTED FOR MOST OF OHIO

By International News Service

Northern Ohio was getting the weather breaks today while the southern portion of the state was scheduled to steam again under the influence of 90-degree temperatures.

These were the main points stressed by Col. George Mingle, head of the Ohio state highway patrol, in an appeal for careful driving over the three-day Labor Day weekend.

Colonel Mingle warned that "unless there is a radical departure from the two previous three-day holiday weekends in 1947," between 200 and 300 persons will lose their lives in traffic accidents throughout the United States.

Mingle said Ohio's contribution to the death toll would approximate 10 to 15 persons. In addition, he warned that generally between 125 and 150 persons are injured over such a weekend.

Showers and cooler air invaded the northern area during the night and an overcast was holding the mercury down to comfortable readings of probably not much higher than 80 degrees this afternoon.

"Each motorist should attempt to see he is not one of these victims," Mingle warned.

It was 94 degrees at Chesapeake yesterday and two other southern points, Cincinnati and Wilmington, had highs of 90 degrees. Approximately the same high temperatures were forecast for that area today.

The five-day U. S. weather bureau outlook for Ohio follows:

"Temperatures will average about five degrees above normal during the period. Normal maximum, 74 degrees; normal minimum, 55. Warner Saturday; little cooler Sunday; warmer Tuesday and Wednesday. Precipitation will average about one-third of an inch occurring as scattered thunderstorms Saturday and Wednesday."

### U. S., BRITISH GO AHEAD WITH GERMAN PLANS

WASHINGTON, Aug. 29.—The

United States and Britain announced their intention today to proceed with the rehabilitation of German industry in their occupation zones in the face of both Russian and French objections.

In Berlin detailed plans for raising the German level of industry will be made public. In Washington other Anglo-American conferees will announce a joint project to increase Ruhr coal production.

In each case the decisions were influenced by the conviction that these steps must be taken at once to get Europe's economy going again, as an essential preliminary to the Marshall plan.

### SEVEN HELD FOR LETTING BOY, 10, RUN POKER GAME

CINCINNATI, O., Aug. 29.—Seven persons, including a cafe proprietor, were charged today with contributing to juvenile delinquency in allowing a 10-year-old boy to deal poker.

Detective Lyle Young said he

watched the boy deal a pair of aces to one of the players before the game was broken up when the players became suspicious.

## Pickaway County Girl Healthiest In Ohio

### BETTY RIDDLE WINS TOP HONOR AT STATE FAIR

Orient Route 1 4-H Member To Represent Ohio At National Congress

Miss Betty Jean Riddle, daughter of Mr. and Mrs. Russell Riddle, Route 1, Orient, was chosen healthiest girl in the state in the finals of the state 4-H club healthiest boy and girl contest at the Ohio State Fair Thursday.

She will represent the Ohio 4-H Club at the national 4-H congress in Chicago on December 1.

MISS RIDDLE, valedictorian of her graduating class at Darby township high school, Darby, and a 4-H club member for seven years, was selected to represent Pickaway county's girls at the state contest in the county elimination contest conducted by Dr. A. D. Blackburn, county health commissioner, Miss Genieve E. Alley, home demonstration agent, and Lawrence A. Best, county agricultural agent.

Assistant leader of the Darby Flying Needles and Secretary of the Darby Fine and Dandy Club, Miss Riddle has completed 14 projects during seven years of 4-H Club work in home economics and livestock. She made a complete costume, engaged in junior leadership and had a dairy cow and poultry as her projects this year.

In addition to her 4-H club work Miss Riddle is active in the county Older Rural Youth organization, in camping and other agricultural and club work. She is enrolled in Mary Washington College, Fredericksburg, Virginia.

WITH THREE other girls and two boys as representatives from Pickaway county she will attend the annual 4-H Club Congress on the campus of Ohio State University September 8-12.

John Fleming, 16, Route 1, Mt. Sterling, represented Pickaway boys at the 4-H health contest.

The county health contest was judged on 25 per cent for the health examination; 50 percent for health activities, physical and dental examinations and corrections, food and health habits, vaccinations and improvement of home sanitary measures; and 25 per cent on the record of member's club health activities and leadership.

### ONE MAN'S OPINION

By Walter Kiernan

If Mayor O'Dwyer's plans to recapture the movie industry work out, Hollywood will have the Conference of Studio Unions and New York will have the studios.

Local movie unions have signed a five-year peace pact, palm seeds have been planted and orders placed for silver fox slacks.

Although the movies left New York years ago, picture business has always had relations there—many of them on the payroll as producers.

Meanwhile the treasury is considering technicolor money on the advice of Rep. Edith Rogers.

The idea is to issue paper money in a variety of colors—probably all fast fading like our present money.

The feeling is that people tire of the drab color of the money we have now—but not any of the people I know.

Still it will be a relief to George Washington to lose that lettuce complexion he has on the dollar bill.

### Government Announces Controlled Version Of Atomic Bomb Achieved

WASHINGTON, Aug. 29—The government announced today achievement of the first controlled version of the atomic bomb which will speed development of new peacetime uses of atomic energy and improved weapons.

The atomic energy commission said that a new type chain reaction plant or "pile" utilizing high energy neutrons for atomic fission of plutonium is being operated successfully at its Los Alamos, N. M., laboratory.

Scientists are unable to control the nuclear fission in the atomic bomb once the chain reaction gets underway. The new, controllable unit gives them an opportunity to study what happens before the A-bomb explodes.

ALTHOUGH THE new development is similar to the bomb and marks a great stride forward in atomic research, it is not designed to create an explosion such as the blast of the bomb.

The new unit is the first to employ the fission of the man-made element, plutonium, instead of uranium which is used in the A-bomb. It also is the first unit to use fast neutrons.

All other reactors have mixed with their nuclear fuel some other substance, such as graphite, or water, to slow down the neutrons. The new unit utilizes no diluting substance and shares with the bomb the property of a new site.

### RUSSIA REJECTS ATOMIC REPORT

Gromyko Voices Opposition To Second Year's Work Of UN Group

LAKE SUCCESS, N. Y., Aug. 29—The Soviet Union rejected the second year's work of the atomic energy commission today and branded the broadened scheme for U. N. atom control as unacceptable as the vetoless Baruch plan.

Soviet Delegate Andrei Gromyko's negative verdict was presented at the meeting of the atomic working committee.

Gromyko blasted the prospects of concrete progress among the nations on an atomic control pact for at least another year.

The 12-member commission has consistently opposed the Russian plan for atomic control, which differed radically from that of the Baruch principles. The Soviet program leaves final atomic authority in the hands of individual governments and permits the veto to operate in such instances as punishment of atomic code violators.

The Russian asserted this morning that since many of the new provisions resembled the Baruch plan and contained its faults, the Soviet Union must continue its opposition in every respect.

### NEW RISE IN WHOLESALE PRICES NOTED IN U. S.

WASHINGTON, Aug. 29—Wholesale prices, spurred by increases for a few non-agricultural commodities, rose three-tenths of one per cent during the week ending Aug. 23.

This was reported by the labor department which said that the advance, together with earlier price increases not reported, raised primary commodity costs to consumers to 153.5 per cent of the 1926 average, 1.9 per cent above the previous month and 19.5 per cent above the same period last year.

"PEACHES" SUES AGAIN

REDWOOD CITY, Cal., Aug. 29—The former "Peaches" Browning sought a divorce today in San Mateo county superior court from her fourth husband, Ralph N. Willson, wealthy Columbus, O., meat packer. "Peaches," now Mrs. Frances Heenan Browning Hynes Civelli Willson, charged extreme cruelty in the action.

### Business To Slow Down For Annual Labor Holiday

### TWO NEW CASES OF POLIO FOUND

Raymond Radabaugh, 4, Lois Walters, 7, New County Victims Of Disease

Circleville and Pickaway county had two more victims of infantile paralysis Friday, one in Circleville and one in Ringgold.

Four-year-old Raymond Radabaugh, son of Mr. and Mrs. Marvin Radabaugh, 1132 South Washington street, is Circleville's latest infantile paralysis victim.

The child was taken to Children's hospital Thursday and his father reported to Don Henkle, chairman of Pickaway National Foundation for Infantile Paralysis that positive diagnosis of polio had been made.

LOIS ANN Walters, 7, daughter of Mr. and Mrs. Luther Walters, Ringgold was the latest victim in the county outside Circleville. She was taken ill Sunday. Dr. Edwin S. Shane diagnosed her sickness as infantile paralysis and she was taken to Children's hospital Thursday afternoon. The hospital confirmed Dr. Shane's diagnosis.

An aunt of Lois Ann said that both legs and one arm seemed to be paralyzed. Lois Ann has one smaller sister, Mary Lynn, 6.

THESE TWO new cases bring to six the total being treated for polio in Children's hospital from Pickaway county.

The others are—Teddy Davis, 12, son of Mrs. Thelma Davis, Hayward avenue; Sandra Sue Fouch, nine-months-old daughter.

## LEGION DRIVE GETS SUPPORT OF TOP THREE

(Continued from Page One) before the defense structure is complete.

Secretary of War Kenneth C. Royall said Americans must work together for a united and determined phalanx of defense, which will say unmistakably to the world that "we intend to preserve peace, but if any nation would have it otherwise, we are prepared to meet a war and meet it successfully."

The high point of Legion hilarity was reached last night when the veterans of the famed 40 and 8, sporting smocks and chapeaux, staged their traditional annual parade.

They marched down Eighth avenue with an amazing assortment of boxcars, locomotives and ancient and decrepit jingles and noisemakers. They were led by a police escort.

## HUSBAND KILLER TO UNDERGO LIE DETECTOR TEST

CHICAGO, Aug. 29.—A 54-year-old Chicago grandmother who police said admitted the hacksaw dismemberment of her husband was scheduled for a lie detector test today.

Capt. George Homer planned the test because Mrs. Anna Sosnowski refused to sign the confession she dictated yesterday in which she related details of the killing of her husband, Anthony, 57.

Police said the housewife told them she beat Anthony to death with a hammer, then cut his body into 11 pieces which she threw into the Chicago river.

Police matrons at the station where the short, plump, neatly-dressed woman spent the night after her arrest, said she told them the thing that "upset" her was the appearance at her apartment of a man who said they had identified my husband, asked where he was and how long he was missing."

Capt. Homer said up to that moment Mrs. Sosnowski apparently believed she had committed the "perfect crime" though she admitted knowing that two of the bundles containing parts of her husband's body had fallen on a dock instead of into the river.

## HOUSE ON DONER FARM BURNS; STOVE EXPLODES

A house belonging to Milton Doner and occupied by the Fred Fetheroff family burned to the ground Thursday evening just East of the Pickaway county line in Fairfield county on a road running between the Stoutsville road and Route 159.

The blaze resulted when a kerosene stove exploded in the house. Neighbors said that most of the household goods were destroyed with the house.

Fetheroff, a trucker, was away from home when the blaze started. Mrs. Fetheroff and her five children were at home. No one was injured.

No estimate of the loss was available, and it was not learned if insurance covered the loss.

### ELKS HONOR BETZ

Mr. and Mrs. Paul H. Betz, route 4, have returned from Cedar Point, where Mr. Betz attended the state Elks convention. Mr. Betz was appointed chairman of the state recreation and relaxation committee. The appointment marked the first time the Circleville lodge of Elks has had a state officer under a state president.

We say we are ready to make

## CATTLE FROM TEEGARDIN FARM WIN AT FAIR

Poll Shorthorn cattle shown by C. B. Teegardin and Sons, Route 1, Ashville, in competition with the best in the country at the Ohio State Fair won 12 classes in the Poll Shorthorn exhibit.

Teegardin animals won the following firsts in Poll Shorthorn competition: Bulls, calved between January 1, and April 30, 1946; bulls calved between May 1 and August 31, 1946; bulls calved after January 1, 1947; champion bull; best three bulls; best two bulls; get of sire, from animals any age, both sexes; two females, any age, bred and owned by exhibitor; bull and female, any age, bred and owned by exhibitor; futurity Summer yearling bull, calved between May 1 and August 31, 1946; futurity heifer calf, calved after September 1, 1946; and futurity pair of animals, bull and heifer.

## ESCAPEES BACK AT MANSFIELD AFTER CAPTURE

MANSFIELD, O., Aug. 29.—Three escapees from Mansfield reformatory were returned to the institution today after they were captured at Chillicothe.

The three, Roy Lee Hardwick, 21, Anderson, Ind.; Harold Walker, 19, Marion, and Edwin Winstead, 22, Hamilton, were cornered by Ross county Sheriff's Deputies Fred Bouillion and Clinton Claytor in a field near the Norfolk and Western railroad tracks.

The inmates escaped from the reformatory by walking through a cornfield at the institution's farm camp. They were first spotted in Chillicothe by Patrolman Arthur Fout who recognized the three men in an automobile reported stolen in Richland county.

### CLIFTONS INCORPORATE

Incorporation papers for Clifton Auto Parts, Inc. and Clifton Motor Sales, Inc. have been filed with the secretary of state in Columbus by Attorney E. A. Smith. Each company has been incorporated with 250 shares of no par stock. Jack E. Clifton, Harold Clifton and E. E. Clifton are named as incorporators. E. E. Clifton is agent.

### HURT AT FAIR

Louise Hill, Orient, was burned when a pot of bean soup exploded in a concession stand on the Ohio State Fairgrounds Thursday. Stella Herriott, Plain City, was also burned in the same explosion. Both were given first aid at the Red Cross station on the grounds.

### ADmits KILLING WIFE

COLUMBUS, O., Aug. 29.—A man identified by police as John Melfi, 55, walked into Columbus police headquarters this afternoon and said he had just killed his wife. Homicide squad detectives found the wife's body in the couple's home.

(Continued from Page One)

of Greeks combined with that of Greeks moderates caused Tsaldaris to refrain from setting up an all-rightist cabinet.

Griswold admitted at the conference that the United States wanted a broadly representative Greek cabinet to restore unity and security against the Communist-led Greek guerrillas.

He added, the United States has no intention of staying in Greece after security is re-established and reconstruction completed under the \$300 million dollar U. S. aid program.

WHILE THE bickering among politicians continued Greek guerrilla activity admittedly has assumed "grave dimensions."

The guerrillas claimed that during the week-old crisis their forces have captured more than 100 villages in an area exceeding 600 square miles. The strategy is to try to cut off Epirus in northwestern Greece adjoining the Albanian-Yugoslav frontiers.

Greek officials consider this a "gross exaggeration." Nevertheless there are indications that the guerrilla activity zone has been considerably expanded.

Savory and Willis are being held for Cincinnati police.

The new unit produces no more heat than is given off by an ordinary kitchen oven, but the heat is concentrated in a relatively small region.

Then, a thick wall of concrete and steel had to be set up around the reactor to protect the physicists from radiations. Instruments for gauging every phase of the experiments are contained in a panel in a room adjoining the fast reactor.

Polled Shorthorn cattle shown by C. B. Teegardin and Sons, Route 1, Ashville, in competition with the best in the country at the Ohio State Fair won 12 classes in the Polled Shorthorn exhibit.

Teegardin animals won the following firsts in Polled Shorthorn competition: Bulls, calved between January 1, and April 30, 1946; bulls calved between May 1 and August 31, 1946; bulls calved after January 1, 1947; champion bull; best three bulls; best two bulls; get of sire, from animals any age, both sexes; two females, any age, bred and owned by exhibitor; bull and female, any age, bred and owned by exhibitor; futurity Summer yearling bull, calved between May 1 and August 31, 1946; futurity heifer calf, calved after September 1, 1946; and futurity pair of animals, bull and heifer.

The arrest was made at Scioto and Western avenues by Officer George Green. Savory, a railroad brakeman, is accused of stealing the automobile from a parking lot at Third and Vine streets, Cincinnati, the evening of August 23. From there he went to Portsmouth and came to Circleville Thursday.

Also jailed was Russell Willis, 29, of 103 Hormon street, Portsmouth, accused of hitch-hiking in a stolen car. He was arrested in the car with Savory, and said he had accepted a ride near Lucasville about 11:30 a. m. Thursday.

Savory and Willis are being held for Cincinnati police.

## LEGION DRIVE GETS SUPPORT OF TOP THREE

(Continued from Page One) before the defense structure is complete.

Secretary of War Kenneth C. Royall said Americans must work together for a united and determined phalanx of defense, which will say unmistakably to the world that "we intend to preserve peace, but if any nation would have it otherwise, we are prepared to meet a war and meet it successfully."

The high point of Legion hilarity was reached last night when the veterans of the famed 40 and 8, sporting smocks and chapeaux, staged their traditional annual parade.

They marched down Eighth avenue with an amazing assortment of boxcars, locomotives and ancient and decrepit jalopies and noisemakers. They were led by a police escort.

## HUSBAND KILLER TO UNDERGO LIE DETECTOR TEST

CHICAGO, Aug. 29—A 54-year-old Chicago grandmother who police said admitted the hacksaw dismemberment of her husband was scheduled for a lie detector test today.

Capt. George Horner planned the test because Mrs. Anna Sosnowski refused to sign the confession she dictated yesterday in which she related details of the killing of her husband, Anthony, 57.

Police said the housewife told them she beat Anthony to death with a hammer, then cut his body into 11 pieces which she threw into the Chicago river.

Police matrons at the station where the short, plump, neatly-dressed woman spent the night after her arrest, said she told them the thing that "upset" her was the appearance at her apartment of "a man who said they had identified my husband, asked where he was and how long he was missing."

Capt. Horner said up to that moment Mrs. Sosnowski apparently believed she had committed the "perfect crime" though she admitted knowing that two of the bundles containing parts of her husband's body had fallen on a dock instead of into the river.

## HOUSE ON DONER FARM BURNS; STOVE EXPLODES

A house belonging to Milton Doner and occupied by the Fred Fetheroff family burned to the ground Thursday evening just East of the Pickaway county line in Fairfield county on a road running between the Stoutsville road and Route 159.

The blaze resulted when a kerosene stove exploded in the house. Neighbors said that most of the household goods were destroyed with the house.

Fetheroff, a trucker, was away from home when the blaze started. Mrs. Fetheroff and her five children were at home. No one was injured.

No estimate of the loss was available, and it was not learned if insurance covered the loss.

### ELKS HONOR BETZ

Mr. and Mrs. Paul H. Betz, route 4, have returned from Cedar Point, where Mr. Betz attended the state Elks convention. Mr. Betz was appointed chairman of the state recreation and relaxation committee. The appointment marked the first time the Circleville lodge of Elks has had a state officer under a state president.

We say we are ready to make

Poaled Shorthorn cattle shown by C. B. Teegardin and Sons, Route 1, Ashville, in competition with the best in the country at the Ohio State Fair won 12 classes in the Poaled Shorthorn exhibit.

Teegardin animals won the following firsts in Poaled Short-horn competition: Bulls, calved between January 1, and April 30, 1946; bulls calved between May 1 and August 31, 1946; bulls calved after January 1, 1947; champion bull; best three bulls; best two bulls; get of sires from animals any age, both sexes; two females, any age, bred and owned by exhibitor; bull and female, any age, bred and owned by exhibitor; futurity Summer yearling bull, calved between May 1 and August 31, 1946; futurity heifer calf, calved after September 1, 1946; and futurity pair of animals, bull and heifer.

## ESCAPEES BACK AT MANSFIELD AFTER CAPTURE

MANSFIELD, O., Aug. 29—Three escapees from Mansfield reformatory were returned to the institution today after they were captured at Chillicothe.

The three, Roy Lee Hardwick,

21, Anderson, Ind.; Harold Walker, 19, Marion, and Edwin Winstead, 22, Hamilton, were cornered by Ross county Sheriff's Deputies Fred Bouillion and Clinton Clayton in a field near the Norfolk and Western railroad tracks.

The inmates escaped from the reformatory by walking through a cornfield at the institution's farm camp. They were first spotted in Chillicothe by Patrolman Arthur Fout who recognized the three men in an automobile reported stolen in Richland county.

## LEWIS SLATED TO LEAD FIGHT ON LABOR LAW

UMW Journal Hints Miners' Chief Will Pace Move To Boycott NLRB

WASHINGTON, Aug. 29—The United Mine Workers Journal indicated today that John L. Lewis will lead a fight within the American Federation of Labor to boycott the national labor relations board and defy the Taft-Hartley law.

The issue will be threshed out at the meeting of the AFL executive council in Chicago Sept. 8.

At present, there is a division of opinion on the council as to whether AFL officers should sign non-Communist affidavits required by the Taft-Hartley act before any federation union can use NLRB machinery.

LEWIS, WHO has been away from Washington on an extended vacation in the West, apparently will throw his weight against compliance with the new labor statute which both the AFL and CIO have termed "a slave law."

The journal said:

"Once a union accepts the provisions of the Fascist NAM-Taft-Hartley law as a means of adjudicating its wage rates and working conditions, it leaves all hope behind."

NLRB GENERAL counsel Robert Denham ruled that all AFL officers—including Lewis and 12 other vice presidents—must sign the non-Communist affidavits before any AFL union can have election petitions or unfair labor practice charges handled by the board.

Lewis' UMW has seldom, if ever, used the NLRB machinery and recently negotiated a handsome new wage contract "in spite of the slave Taft law." If Lewis refuses to sign the non-Communist affidavit, some 7,500 workers in AFL unions will be barred from practicing before the NLRB.

Editor K. C. Adams of the UMW journal took a militant stand against the law. He urged unions to organize politically and fight for the act's repeal in 1948, adding:

"The Taft-Hartley law takes away from American workers individually and collectively their constitutional rights to exercise freedom of action in collective bargaining—it is a step towards wretched industrial slavery."

"It has no claim to respect. It is designed to create disrespect."

## MONROE SCHOOL OPENS TUESDAY

All Teaching Positions Are  
Filled; First Session  
For Half Day

Monroe township school will open the 1947-48 term at 8:30 a.m. Tuesday, September 2. The first session will last only until about 11 a.m.

All teaching positions have been filled. Teachers and their assignments are:

KENNETH CHRISTY, superintendent, mathematics; Loren Straight, principal, physical education and industrial arts; Rachel Lehman, commercial and social science; C. W. Watson, English, Latin; Marjorie Jean Grossman, home economics and

graduates at Ohio State University Summer commencement Friday.

## TAXI TESSIE

science; Elizabeth Penny, music; Mrs. Gladys Christy, grades 5 and 6; Mrs. Ruby Kegg, grades 4 and 5; Mrs. Dorothy Harris, grades 2 and 3; Mrs. Kathryn Gray, grades 1 and 2.

Clarence Longberry is the new school custodian replacing Robert Skinner who has resigned. Bus drivers are J. M. Brigner, Harvey Brigner, Scott Carpenter, Curt Hix and Shirley Anderson. Mrs. Agness Holler and Mrs. Ethel Clarridge are cooks for the school lunch program.

The state of Tennessee's name was derived from an Indian word meaning "the vines of the big bend."

**HOPE FOR MANKIND**

WORLD PEACE and human well-being both are advanced materially with the announcement of plans for the Institute of Nucleonics at Chicago University. It is a twelve million dollar project of three divisions, and will encompass three departments covering the peaceful uses of atomic energy. Buildings already are started. More than 350 scientists are engaged. The program is to carry forward the recommendations and findings of the United States Atomic Energy Commission. The government was not equipped to do it; the Chicago institute is financed entirely by private funds.

This may become one of the most important occurrences of the troubled twentieth century. If man can turn his vast technological knowledge toward constructive use rather than to war, the future of the human species may be affected by the work of the institute.

The fact that its financial basis leaves it free from political control assures scientific freedom and the avoidance of such intellectual pollution as ran rife for so long in Nazi Germany. That such a vast undertaking could be financed by the efforts of private citizens is a further justification of the American way of free enterprise as contrasted with that of political dictatorship.

The heat wave that has spread over much of the United States may at least have had a cooling effect on industrial disputes. For some time it has been too hot to fight.

## WE CAN AFFORD IT

THERE IS some talk in Washington of treating Russians as they treat Americans. Russians here are as free as the air, while our citizens in the Soviet on business or diplomatic missions are shadowed by police and frustrated in many of their endeavors.

This performance is carried on, say the Russians, to protect our people. Its real purpose, however, is believed by observers to be restriction of movement, so that actual conditions in the Soviet Union will not become known, and to prevent interchange of opinions and views between the Russian people and the visitors from a capitalistic country.

No good purpose would be served by treating Russian visitors in the same way. The United States does not supply the proper environment for iron-curtain tactics. It is foreign to the nature of this republic. The FBI can be trusted to do its work in its usual unobtrusive but effective way, but aside from that, let the Russians get around and see what they can see. We have nothing to conceal; and the more they see of the normal workings of capitalism, the better chance they have to learn in what respects it surpasses their own system.

## NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, August 29—Mr. Truman found the lost figures in his fiscal midyear budget review. Although dollar volume of business and income have been increasing since January, no one around the treasury has been able to find the figures showing how much this would increase receipts, and thus justify the Republican tax reduction. Inquiring reporters were chased off after wild gooseeggs. When the June 15 quarterly income taxes came in to the treasury till, the Democratic actuaries should have been able to estimate immediately how much more money they would take in this present year than they had figured. But the Republican tax reduction bill was then under consideration in congress, so the actuaries just looked dumb, and pointed to the daily treasury statement, which is an unrevealing generalization of matters fiscal. By June 30, this statement showed receipts were actually down the first six months of this year over last, instead of up above the budget calculations. (See column dated July 9 for details.) Even at the fiscal year-end, Treasury Secretary Snyder merely estimated the surplus larger than expected for the closing year, and warned against tax reduction, as you will recall.

By this little fiscal ruse, the Democrats caused the Republicans to use the six month old budget estimates of last January, which kept them on the defensive, and forced them to justify any tax reduction by the amount of economies they could make.

Do you catch on? The stratagem is a little complicated. It had to be to fool the Republicans. But in the customary nutshell in use around Washington, the Democrats simply delayed acknowledging how much their receipts will be larger this fiscal year until the Republicans were safely out of town, and all chance of tax reduction this year had passed.

Now Mr. Truman has found the lost figures. His receipts estimate, he concedes, will be \$4 billion higher than he figured in January. His receipts he now puts at \$41.7 billion; expenditures \$37 billion; surplus \$4.7 billion, all of which he wants to use for debt reduction apparently (suggesting his "right time" for the "right kind" of tax reduction will not come until after next June 30, when the presidential campaign starts.)

The general Truman midyear budget picture presents this nation as rich and powerful, much better off than expected, doing better business, its people earning larger incomes and all that. One significant figure he fails to mention, one of his own figures. In his economic review earlier, he predicted national income for this calendar year at \$167 billion. His budget, he now says, will raise \$41.7. Apply these figures to the same period, which is reasonable, and you will conclude the federal government is taking 25 cents of every dollar to be earned by its people. Roughly 25 percent of the national income is to be taken by the federal government in taxes.

Some actuaries will wonder how rich a country really is which must contribute 25 percent of earnings to the cost of government.

## Inside WASHINGTON

Acheson Death May Ban  
"Special" VIP Flights

Fear Forgers May Cut In  
On Leave Bond Payment

Special to Central Press

WASHINGTON—One result of the B-17 crash off Hawaii which killed George Acheson, Jr., top political adviser to Gen. Douglas MacArthur, is expected to be an order banning such "special" flights for VIPs (very important persons) in the future.

Such high-ranking emissaries, it is believed, will be instructed to take passage on the regular Army or Navy transport planes operating between the Far East and the United States.

Both the ATC and NATS have enviable safety records and are determined to maintain them by following prescribed flight procedure, which calls for regular fuel stops on the long trans-ocean hops.

Veterans of ATC and NATS are at a loss to understand why the fuel stop at Johnston Island, about midway between Kwajalein and Honolulu, was passed up by the pilot of the ill-fated B-17.

They do not accept the explanation that "Johnston is too hard to find in bad weather." They point out that their navigators never have failed to find the tiny island—and as a result never have run short of fuel, which was the cause of the B-17 crash.

NEW BEACHHEAD—Soldiers and sailors of World War II suddenly have been confronted with one more beachhead to storm, one more

enemy to defeat.

The beachhead is the bank, the enemy is the "American" army of forgers. C (for Cash) Day is Sept. 1 when GIs can turn in their terminal leave bonds for money.

Secret Service Chief Maloney, whose force is charged with protection of the country's currency, warns that forgers anticipate a field day.

George Acheson, Jr.

Maloney points out that most of the 44,000 cases of forgery of United States checks and bonds which the Secret Service investigated during the last year involved GIs.

Crooks, operating singly and in well-organized gangs, used every conceivable dodge to steal allotment, pension, disability and other checks, then forged endorsements and cashed them. Their total haul approached four million dollars.

The Secret Service head figures the criminal element will go to any length to "cut in" on the two and one-half billion dollars the leave bonds will bring. He urges banks to request discharge papers of veterans before cashing bonds.

• POLITICAL CHANGES—Democratic party officials say that the resignation of National Committee Chairman Bob Hannegan depends on whether his doctor orders him to quit on account of his health.

Hannegan will know the answer when he returns to Washington from Hawaii where he is vacationing with Agriculture Secretary Clinton Anderson.

Anderson has been rumored in line to succeed Hannegan in the political post, but one Democratic bigwig asserts that Anderson may choose instead to run for the Senate in New Mexico if Senator Carl A. Hatch decides not to run in 1948.

This source believes that Anderson may prefer a job in the Senate, traditional stepping stone to bigger things such as the presidency. Anderson, known to be suffering from anemia, consistently has denied reports that he would quit his present post because of his health.

• NO GAG—Anti-filibuster legislation is just about as dead under Republican control of the Senate as it was when Democrats were in charge of things.

The reason is that, while southern Democrats are more vociferous about it, there are others—both Democrats and Republicans—from small-population states who regard the filibuster as something they might need some day.

Senator Patrick A. McCarran (D), Nevada, is outspoken for the right to filibuster. He explained:

"If states of small population cannot have for their defense unlimited debate, the more populous states can at any time, for punitive reasons or otherwise, deprive the small states of their just measure of their right to their place in the United States."

## DIET AND HEALTH

### A Challenge to Medicine

By HERMAN R. BUNDESEN, M.D.

HIGH blood pressure with all its related disorders has been called the No. 1 problem confronting modern medicine. So far, though studies and experiments are being carried on in ever-increasing numbers, we still lack a complete answer as to its cause.

Until this is discovered treatment cannot be 100 per cent effective, and there will continue to be many cases which no treatment will restore to normal.

#### Great Advances Made

However, great advances have been made, so that today the high blood pressure patient has a better chance for life and health than he ever had before. In general the disorder can be treated in two ways—medically and surgically.

Dr. Watson F. Rogers of West Virginia and Dr. Robert S. Palmer of Boston, Massachusetts, have made a study of more than 600 patients with high blood pressure in an attempt to compare the effects of medical treatment with those of surgical treatment.

#### Reassure the Patient

In carrying out the medical treatment of high blood pressure, they point out that it is important for the patient to be reassured and encouraged and to get rid of the fears about the disorder. At least nine hours of sleep at night, and when possible, daytime rests, together with proper exercise, are advised. Sedatives or quieting preparations such as phenobarbital are taken four times daily.

These physicians insist that the diet should be low in cholesterol, which is a substance found in animal fats such as butter and meat fats, particularly and which, it is thought, may play a part in producing changes in the arteries which promote high blood pressure. The diet also includes large amounts of protein foods such as lean meat, milk and eggs, which are low in cholesterol content, unless there is some disturbance of the kidneys. They also, occasionally, favor a diet limited in salt.

#### Using a Drug

Of late doctors have used the drug known as potassium sulfocyanate in some instances, and it would appear that this preparation may bring about a drop in the blood pressure in some cases.

As a result of this treatment, Drs.

Rogers and Palmer concluded that relief of symptoms could be obtained in a very high percentage of the mild cases of high blood pressure, in three out of four of those with moderately high blood pressure, and in about half of those with the condition in its severe form.

#### Surgical Treatment

High blood pressure may be treated surgically by means of an operation called sympathectomy in which the nerves of the involuntary nervous system are cut. This operation has been found twice as effective as medical treatment in lowering blood pressure to normal or nearly normal. But after three years this drop in blood pressure remains in only 25 per cent of patients though at least 60 per cent show some lowering of the blood pressure.

Relief of headache occurred in practically all cases in which the operation was performed. In most severe types of high blood pressure, they are of the opinion that operation is the best method of treatment, if there is no great damage to the kidneys and no failure of the heart.

Though high blood pressure is a real problem we should never forget that a patient with this disorder may live a long and active life. In fact high blood pressure may be present for years without causing any distressing symptoms. This should not, however, make us careless or neglectful because in the long run the individual with high blood pressure who goes early for treatment will fare the best. It should always be remembered that changes in arteries and organs which long-continued high pressure brings about cannot be reversed, but good treatment begun early may prevent them for many years.

#### QUESTIONS AND ANSWERS

M. H.: What is conjunctivitis and can it be cured?

Answer: Conjunctivitis or inflammation of the lining membrane of the eyelids and eyeball is caused by many types of infection. The lids are red and swollen, and the white portion of the eyeball may become bloodshot. Discharge is usually present.

In mild cases, the use of a boric acid eye wash may be helpful. Practically all cases of conjunctivitis are curable.

Using a Drug

When the eyes are red and swollen, and the white portion of the eyeball may become bloodshot. Discharge is usually present.

Sedatives or quieting preparations such as phenobarbital are taken four times daily.

These physicians insist that the diet should be low in cholesterol, which is a substance found in animal fats such as butter and meat fats, particularly and which, it is thought, may play a part in producing changes in the arteries which promote high blood pressure. The diet also includes large amounts of protein foods such as lean meat, milk and eggs, which are low in cholesterol content, unless there is some disturbance of the kidneys. They also, occasionally, favor a diet limited in salt.

#### Using a Drug

Of late doctors have used the drug known as potassium sulfocyanate in some instances, and it would appear that this preparation may bring about a drop in the blood pressure in some cases.

As a result of this treatment, Drs.

Rogers and Palmer concluded that relief of symptoms could be obtained in a very high percentage of the mild cases of high blood pressure, in three out of four of those with moderately high blood pressure, and in about half of those with the condition in its severe form.

#### Surgical Treatment

High blood pressure may be treated surgically by means of an operation called sympathectomy in which the nerves of the involuntary nervous system are cut. This operation has been found twice as effective as medical treatment in lowering blood pressure to normal or nearly normal. But after three years this drop in blood pressure remains in only 25 per cent of patients though at least 60 per cent show some lowering of the blood pressure.

Relief of headache occurred in practically all cases in which the operation was performed. In most severe types of high blood pressure, they are of the opinion that operation is the best method of treatment, if there is no failure of the kidneys and there is no failure of the heart.

Though high blood pressure is a real problem we should never forget that a patient with this disorder may live a long and active life. In fact high blood pressure may be present for years without causing any distressing symptoms. This should not, however, make us careless or neglectful because in the long run the individual with high blood pressure who goes early for treatment will fare the best. It should always be remembered that changes in arteries and organs which long-continued high pressure brings about cannot be reversed, but good treatment begun early may prevent them for many years.

#### QUESTIONS AND ANSWERS

M. H.: What is conjunctivitis and can it be cured?

Answer: Conjunctivitis or inflammation of the lining membrane of the eyelids and eyeball is caused by many types of infection. The lids are red and swollen, and the white portion of the eyeball may become bloodshot. Discharge is usually present.

In mild cases, the use of a boric acid eye wash may be helpful. Practically all cases of conjunctivitis are curable.

### SYNOPSIS

Gail Prostic's parents had divorced when she was a child, and all she knew of her father, Charles, was that he was gay, extravagant mother, Lissa, had told her—that he was the wealthy owner of Twin Oaks, a fine old southern plantation . . . and that the trust fund he had established for their years ago was no longer adequate for their needs. When Charles, who had remarried years before, invited Gail to spend the summer, Lissa approved, hoping the visit might result in an increased allowance for them. But upon her arrival, Gail found the situation very different from expectations. The big house was gone—burned to the ground years before—and all the Prostic fortune had followed it. All that was left were a few acres of farmland and an old, barn-like house with neither electricity nor plumbing. Charles and Kate, his kindly, intelligent wife, and Kate's niece, Norah, warmly welcomed her; but attractive Greg Thompson, Charles' young partner on the farm, made no effort to conceal his dislike.

Gail stared at him through the thickening dusk, and dropped her eyes lest he read in them some of her shock at his thought that Lissa would have shared so much as a copper cent with anybody. Gail had never come face to face with the necessity of admitting to herself her unhappy knowledge that her mother was completely self-centered, completely egoistic, and that she would fight to the last ditch before she would yield one scrap of what she claimed as her own. Did Charles really know her so little? Could he have been married to her for four years without understanding her better? Did he honestly believe that Lissa would have been willing to share with him his disaster?

Franthically she tried to defend her mother in her own mind; after all, Lissa was completely beautiful, completely unequipped to earn anything approaching a living. The allowance that Charles seemed to feel was so ample seemed, to Lissa, little less than beggary.

Wildly she sought for something to say and the first thing she thought of was, "Father, who is Greg? Is he a relative?" "He's the son of an old friend of mine," answered Charles. "His father wanted him to study law, and because he was a dutiful son, he did. But war came before Greg had finished his senior year. He enlisted and went overseas and his father died while he was gone. When Greg was discharged from the Army last summer he came here to visit, and his love of the land has kept him here ever since. Greg was born to be a farmer. I guess—so now he's my partner!"

Gail rallied herself furiously. "Why, the very ideal!" she scoffed, with unsteady gaiety. "I love it, Father. It's—it's beautiful, and it's grand to be with you, and I love Kate and Norah."

She had to stop because her voice threatened to betray her. For a wild moment she had yearned with all her heart to avail herself of her father's understanding, of his permission for her departure; but where would she go? There was no place for her in Lissa's plans for the summer. Lissa would be furious with her if she did not stay, and there was no money. She had a small, frantic feeling at the memory of her mother's insistence that she should demand and get an allowance from her father. Looking about her at the poverty, hearing the frankness with which her father admitted that poverty, she knew how utterly impossible it would be for him to give it. Or for her, now, to ask it.

Charles said quietly, "I'm glad, chick. But any time it gets too tough, just feel free to go. I'll understand."

Gail said huskily, "Thanks, Father."

## GRAB BAG

### One-Minute Test

1. What distinction has Java, in the Netherlands East Indies?

2. What South American country is included in the Netherlands West Indies and South American possessions?

3. What is the capital of the Netherlands?

### Words of Wisdom

The first business of a philosopher is, to part with self-conceit.

### STARS SAY

#### Today's Horoscope

When you choose you can be an amusing and entertaining talker. You are fond of music and art, enjoy intellectual recreation, and like the society of cultured people. You are rather serious and the lighter things do not interest you. You have few close friendships. Your birthday's auguries are doubtful. There is a tendency to deviate from orthodox methods. Do not allow your health to be impaired by over-

strain in your next 12 months, either mental or physical, and exotic friendships.

Take plenty of rest. Remember that all is not gold that glitters. Today's child will be moderately fortunate, provided the lure of the senses and dangerous friendships are rigorously avoided; otherwise health and fortunes will suffer.

### One-Minute Test Answers

1. It is the most densely populated land mass in the world.

2. Surinam

## EUB Ministers' Wives Select New Officers

Election Precedes Banquet Held In Community House

Officers of the Ministers' Wives association of the Southeast Conference of the Evangelical United Brethren church were elected preceding a six o'clock dinner Thursday evening in the community house of the First EUB church.

Mrs. Eugene Flowers, retiring president, presided during the election of new officers to two-year terms.

Mrs. Evan Jones, Jackson, was elected president, Mrs. Roy Staniford, Carroll, vice-president, Mrs. Otto Stockman, New Lexington, secretary, Mrs. Carl R. Butterbaugh, Circleville, treasurer and Mrs. D. S. Mills, Columbus, chairman of advisory committee.

Places were marked at the long tables in the diningroom for the banquet with favors depicting old fashioned ladies. Their dresses were fashioned in pastel shades of crepe paper with the tight basque and buffant hoop skirts. Each wore a hat typical of the fashion of that period.

Mrs. Clarence Radcliff, general chairman, was in charge of the banquet. She was assisted by Mrs. Ronald Nau, sub-chairman and various ladies of the First EUB church for all arrangements.

Mrs. Lloyd Mignarey, Portsmouth, conducted the devotional period. Miss Mable Rife, Columbus, led the guests in a group of "pep" songs. Miss Patty Nau, Circleville, presented a piano solo and Mrs. Gerald Koster, Pataskala, a vocal solo. She sang, "When They Ring the Golden Bells for You and Me" accompanied by Mrs. Charles Seales, Pataskala, at the piano.

Highlight of the evening's program was a musical colored chart drawing by Mr. and Mrs. Orla Bradford, singing evangelists, who make Westerville their headquarters. Mrs. Bradford accompanied her husband on an accordian as he drew the "Matchless Christ" and sang the words.

The program concluded as the guests repeated in unison the Lord's prayer.

Mrs. Paul Thompson Hostess For Union Guild August Meet

Group joined to sing "Tis So Sweet To Trust In Jesus" at the opening of the Union Guild meeting when members gathered in the home of Mrs. Paul Thompson, Jackson township.

Mrs. Curtis Pyle lead the devotions as the group repeated in unison the Lord's prayer. Ten members answered roll call by telling where they first attended public schools. Mrs. Marvin Routt, president presided for a brief business meeting.

Mrs. George Fischer extended the hospitality of her home on route 3, to the members for their October meeting. Mrs. Wayne Fee will conduct the devotional period at that time. Mrs. Stratenberger and Mrs. Sherman Campbell will present the program.

With the group singing "God Be With You 'Till We Meet Again" the devotions were brought to a conclusion and the afternoon's program was presented. Mrs. O. A. Lannan and Mrs. Bert Thomas were leaders of the selected program, consisted of selected readings with each member taking part. All members participated in a menu contest which was won by Mrs. Lawrence Goodman.

Mrs. Routt and Mrs. Roy Newlon were honored guests as they were observing their birthday anniversaries. Each were presented gifts by Mrs. Goodman and Mrs. Walter Bumgarner, who celebrated their birthday anniversaries in the month of July.

Mrs. Thompson served refreshments assisted by Mrs. Oland Schooley at the close of the afternoon's program.

Early American colonists learned about chowders from the French, and so chowders are associated with the history of New England.

## Calendar

### BPW CLUB HAS DINNER, MEETING AT PARTY HOME

Members of the Business and Professional Women's club held an informal dinner meeting Thursday evening in the Wardell party home on the Williamsport pine.

The bride is the daughter of Mr. and Mrs. Ray A. Ellis, near Laurelvile, and her husband is the son of Mr. and Mrs. Darley West, Laurelvile. Miss Louise Kerns, Laurelvile, was bridesmaid and best man was Wallace Lappen, Newark.

The half after six o'clock dinner was served for members and their guests at small tables centered with artistic arrangements of vase-colored Autumn flowers.

Mrs. Anna Chandler, president presided for a brief business session following the evening meal.

She called attention to a letter received from Miss Nell Floutt, district director, concerning a Business and Professional Women's conference, to be held September 20 and 21 in Columbus. Mrs. Chandler also reminded the members that every club is urged to do something special to celebrate National Business Women's Week, which has been set for the week of October 21st.

Program consisted of readings and contests with various members of the aid taking active parts. Plans were made for the next meeting, which will be on the third Thursday of September, in the home of Mrs. Myrtle Gill, south of Stoutsville.

Twenty seven guests and members were served refreshments by Mrs. McCollister and Mrs. Drum.

### Ladies Aid Group Makes Future Plans

Members of the Dresbach, Evangelical United Brethren church, Ladies aid, gathered Thursday afternoon with Mrs. Benjamin McCollister, at her home North of Stoutsville. Mrs. Guy Drum was assisting hostess.

"Keep Me Singing" was the opening song by the group at the August meeting. Mrs. Myrtle Gill, president, read a selection from the Psalms. Prayer was offered by Mrs. Hattie Metzgar. Group sang "Any Where With Jesus".

Mrs. Gill conducted a business meeting and appointed Mrs. Metzgar and Miss Mary Dresbach to serve on the flower committee. Mrs. McCollister and Mrs. Howard Dresbach were named to prepare calendars for the coming year.

Members of the student council who are busy with final arrangements for the dance are, Bob Johnson, president, Bob Elsea, vice-president, Mrs. Jack Miller, secretary-treasurer, Miss Jean Heine and Bob Phillips, sergeant-at-arms. Directors who are taking an active part in all arrangements are Dick Fullen, Bob McCoy, Miss Lucille Stambaugh, Bob Huffer and Bob Boggs.

Student council members and their appointed committees will assist with the sale of tickets and food concession at the hall. Bob Phillips is in charge of refreshments. Bob Boggs, decorations, Miss Heine, publicity, Bob McCollister, chairman in securing the orchestra and all business arrangements. The public has been extended invitations to attend the dance.

### Labor Day Dance To Be Given By Youth Canteen

A Labor Day dance has been planned and arranged by members of the Pickaway Youth Canteen for Monday evening in Memorial hall. Dancing will start at 9 p.m. and continue until midnight. Brownie's band will provide a varied-selection of popular tunes for the dancers.

Members of the student council who are busy with final arrangements for the dance are, Bob Johnson, president, Bob Elsea, vice-president, Mrs. Jack Miller, secretary-treasurer, Miss Jean Heine and Bob Phillips, sergeant-at-arms. Directors who are taking an active part in all arrangements are Dick Fullen, Bob McCoy, Miss Lucille Stambaugh, Bob Huffer and Bob Boggs.

Student council members and their appointed committees will assist with the sale of tickets and food concession at the hall. Bob Phillips is in charge of refreshments. Bob Boggs, decorations, Miss Heine, publicity, Bob McCollister, chairman in securing the orchestra and all business arrangements.

The public has been extended invitations to attend the dance.

### Eddie Mann To Play At Legion Dance

Eddie Mann and his well known trio from Columbus will furnish dance music and novel entertainment for all Legionnaires and their ladies Saturday evening beginning at 8:45 in the American Legion home on East Main street.

Members of the entertainment committee feel themselves fortunate in securing Eddie Mann and his smooth rhythm orchestra for a return engagement at one of their weekly Saturday evening social affairs.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of Liquid Renfert Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat, more alive, youthful appearing and active.

## MIZE HITS 44TH HOMER; AHEAD OF RUTH'S PACE

Pennant Fights Settling Down To Steady Play By League Leaders

NEW YORK, Aug. 29—Enthusiasm over the home run hitting of Johnny Mize is beginning to rival public interest in the National League pennant race, no longer a ding-dong battle now that Brooklyn boasts a lead of seven full games over St. Louis.

Those who have been prattling that the big first baseman of the Giants could not possibly keep up with Ruth's September spurt in 1927 when the Babe wound up with 60 homers, may well wake up to the fact that Mize has been doing that very thing.

The Bambino collected 17 circuit clouts in his famous spurt which started with No. 44 on Sept. 2 in his team's 128th game. Mize not only is five games up on the Babe with 44 in 123 games and three days of August remaining, but also has hit eight in his last 12 games clustered in eight days.

From a fractional standpoint that pace is better than Ruth's, whose string of 17 was scattered over 27 games. And Mize, like Ruth, always has hit well in September.

AS FAR AS HOME RUN records are concerned, Mize now is three down and three to go. Already he has broken the highest seasonal homer total for any New York Giant, has shattered his own seasonal mark made in St. Louis, and has snapped the National League record for a left-hand batsman by passing Chuck Klein's 43 hit in 1929.

Now for the "three to go". Mize, in whacking his thirteenth August Homer, tied Cy Williams' record for most homers in a month by a National Leaguer, set in 1929 and also tied by Ralph Kiner last June.

If Mize can crack that mark during the next three days, his remaining objectives will be Hack Wilson's National League record of 56 homers in 1930, and finally Ruth's big 60.

Johnny's 44th, with two men on base in the first inning yesterday, did as much damage as three Cardinal homers which came with the bases empty, and staked Larry Jansen to a 6-to-5 win. Jansen now has won nine straight and 16 in his first season.

Another prize rookie, Brooklyn's Spider Jorgenson, who had been benched for costly errors in the recent series with the Cards, got out of the doghouse by knocking in four runs with a base-clearing double and a single to beat Chicago, 6 to 2.

BROOKLYN FANS, by chanting "swish" at Bill Nicholson, goaded the Cubs' slugger into whacking two homers, both with the bases empty.

Boston's Braves, still pennant-conscious, advanced to within only one game of the second-place Cardinals by taking two close ones from Cincinnati, 8 to 7 in 16 innings,

## Softball Fans Give \$60 To Help Polio Victim

Circleville softball fans Friday had given \$60 toward helping one of the city's victims of infantile paralysis.

During the game Thursday night at Ted Lewis park the usual collection was taken up, but this time with such a worthwhile cause to benefit fans really shelled out to help Ted Davis, Hayward avenue.

Thursday evening had been designated as "Eddie Amey Night," a gesture of appreciation to the Night Softball league president, and the collection was to be given to Amey. But he donated it to this worthwhile cause. Umpires donated their services for the evening to help swell the fund.

FANS SAW ONE of the most hotly-contested games of the season. Richards nosed out Blue Ribbon 3-2.

There were only 11 hits in the game. Blue Ribbon got to Guy Easter for five. Steve Brudzinski, making his debut as a Cir-

### WELTER CHAMP FAVORITE TO BEAT FILIPINO BOXER

NEW YORK, Aug. 29—Sugar Ray Robinson, Welterweight champion, is a prohibitive favorite to defeat Flash Sebastian, a Filipino puncher, in a 10-round, non-title fight at Madison Square Garden tonight.

American Legionnaires, in convention in New York, will be admitted free. Sebastian, so-called welterweight champion of the Orient, is unknown as far as localistic gentry are concerned. However, many of the Legionnaires saw him box frequently on Pacific Islands when he was in the U. S. Army during the war.

A packed house, including some 14 Governors and other celebrities, is expected to witness the show.

and 3 to 2 in 5-1/2 innings. Four walks by Ed Eraut forced across Boston's winning run in the opener, longest game in the National League this sea-

son.

Schoolboy Rowe of the Phillips had the Pirates to six hits and blanketed them, 7 to 0, in the battle for seventh place. The Phils scored six runs in the fifth when Kirby Higbe took another early shower.

In the American League, Boston's Red Sox took a firm grip on second place by pulverizing Detroit, 13 to 3, under a 22-hit barrage. Prince (abducted) Hal Newhouser of the Tigers, kayoed in the third inning, drew a juicy \$250 fine for indifferent playing.

Chicago's White Sox nosed out Cleveland, 4 to 2, in the 12th inning.

# NEW RECORDS EXPECTED IN BIG AIR RACES

Stripped Down Surplus War Planes Piloted By Men Who Won War Ready

CLEVELAND, Aug. 29—Big-time air racing, which spluttered its last seven years ago because it ran out of planes, roared back into the American sky today—and all because Adolf Hitler started a war.

The national air races opens a three-day stand tomorrow at Cleveland's vast municipal airport, exhumed from the nearly-forgotten because Uncle Sam sold at bargain rates a lot of the high-powered fighter planes developed during World War II.

This fastest form of racing was resumed last year, but only a few sky jockeys were able to get their war-surplus craft stripped down in time to go to the post.

The intervening year has given the full-throttle boys time to whittle down the wings and complete other modifications.

The impending aerial extravaganza, which will pack 15 races into three days, is expected to draw 200,000 paid customers, and at least another 200,000 who will view the proceedings from the rolling Ohio hills bordering the airport.

**THE DOOLITTLES**, Holmans, Wedells and Turners are gone. In their stead have come many of the resolute youngsters who won the air portion of World War II.

They saw fame and fortune and fun, in air racing. They bought themselves a Mustang, or a King Cobras or Lightning and lovingly pumiced them down to make them faster even than their designers intended—and that was "fastest."

These air heroes of yesterday are out to whack up \$125,000 in prize money which goes on the line for the 300-mile closed course Thompson trophy, the 2,045-mile Los Angeles-Cleveland Bendix dash, the new eight-seat Goodyear event for light planes and an assortment of other races.

FIRST INTEREST centers in the Bendix, to be contested by a field including Bill Odorn, Roslyn, N. Y., holder of the round-the-world solo record of 73 hours set just a month ago. A destruction of the Bendix record of 4 hours, 42 minutes set last year by movie stunt man Paul Mantz is more than likely.

Monday's Thompson—"Kentucky Derby of the air"—should also see a new record in "the run for the dollars," the \$16,000 first prize. Eleven out of 31 entrants have posted qualifying speeds ranging up to 390 miles an hour, 17 MPH better than last year's winner. Only the fastest 12 qualifiers will start.

EARLY ARRIVALS among aviation leaders view the new \$25,000 Goodyear race as a harbinger of air racing's future. This race is for light planes of individual design, and is aimed at developing a plane which everyone will want to put in his backyard hangar.

Paul Penrose, vacationing Hollywood airlines pilot who has set the 390 MPH qualifying pace for the Thompson, said he was under 7-G strain, seven times gravity force, making the tight turns of the 15-mile quad-rangular course, and almost blacked out.

Thus far, in time trials, four mishaps have occurred, none fatal.

## 51ST ARMY BAND HAS OPENINGS FOR ENLISTEES

Opportunities are available for qualified musicians to enlist in the 51st Army Band which last week completed a swing through Ohio accompanying the Second Army baseball team. The band and team are currently touring the seven states that make up the Second Army area.

Sgt. Alva E. Smith of the U. S. Army and Air Force recruiting station here announced today that approximately five men are needed for the 51st Army Band. They are trumpet, clarinet, bass and horn players.

Full information concerning enlistment for this band stationed at Fort George G. Meade, Maryland, is available at the U. S. Army and Air Force recruiting station, 217 North Court street, Circleville.

The only river in the United States flowing north is the St. Johns, Florida's largest river.

PLEASE...  
OIL UP  
MY JOINTS  
STOP  
IF YOUR CAR COULD TALK  
IT WOULD TELL YOU A LOT OF THINGS THAT YOU SHOULD KNOW ABOUT ITS CONDITION AND THINGS THAT NEEDED ATTENTION  
Expert Lubrication  
When we lubricate your car, we make a thorough inspection of its condition and tell you things that are needed to be done. No extra cost or obligation on your part... that's part of our expert auto service. We are lubrication specialists, insuring perfect satisfaction. Drive in soon

**Tough Ground Doesn't Discourage a BREADY**

**GARDEN TRACTORS**  
are built to pull harder when the load is greater!

**30% MORE TRACTION** Because BREADY are the tractors with the "Front Hitch" application of power. Scientific tests prove this gives 30% more traction—utilizes every ounce of power.

**FULL ENGINE POWER** Bigger Motor (1½ to 2 H. P.). With the "Front Hitch" 30% more power is added. The downthrust is on the two drive-wheels only—not an ounce of power wasted.

**SAVE TIME—LABOR—MONEY** right the first time—and quicker. Even a child can guide it... No unnecessary dead weight plus 30% more traction saves fuel.

**IMMEDIATE DELIVERY**

**Hill Implement Co.**  
INTERNATIONAL-HARVESTER

125 E. Franklin St.

Harris, bookkeeping, general science, and superintendent.

Mrs. Howard Hedges, assisted by Mrs. Hattie Rife, will be in charge of the lunch program which will start Wednesday, September 3.

#### CLOSING OUT SALE

#### PERSONAL AND REAL ESTATE

Due to the death of my husband I will sell the following real estate and personal property, located on Route 28, 10 miles west of Chillicothe and 12 miles east of Greenfield, known as the Plyley Farm, on

Thursday, September 4—10:30 A.M.

Farm consists of 167 acres, of which 107 acres are tillable, 60 acres blue grass and woods. Some timber and locust posts. It has a 4-room house, barn, dairy barn, garage and workshop. The house, dairy barn, garage and workshop are wired with electricity, also a 3 room tenant house. At the house is a never failing well of water, in the pasture are several springs that never go dry. Growing crops are 15 acres of good alfalfa, 10 acres of corn, balanced red clover. This is an outstanding farm and well kept up with red clover. This farm is well located on State Route 28, electricity, telephone, mail route and school bus right by the door.

The real estate will sell at 1 o'clock prompt.

LIVESTOCK—22 head cattle; 3 Guernseys; 3 Jerseys; 6 Short-horn and Jerseys. These cows have all been raised by Mr. and Mrs. Kelley and are of very good quality. They are from 4 to 9 years old. Have been T. B. and Bangs tested. 7 bred heifers; 2 Jersey heifers; 3 star registered Jersey bull, 2½ years old, with the registration papers. 2 good work mares, weight 3200.

IMPLEMENT—Oliver standard row crop; John Deere tractor plow 14 in., two bottom; cultivators; Dunham tractor disc; Oliver 6 ft. combine, like new, combined less than 50 acres; horse drawn corn planter, with fertilizer attachment; John Deere horse mower; Superior wheat drill 12x7 with tractor hitch; hay loader; side delivery rake; wagon and hay ladders; corn sheller; cut off saw; McCormick-Deering feed grinder 10 in.; electric milk cooler, 8 milk cans; power lawn mower; 1½ ton Chevrolet truck, '39 model with long wheel base; 2 tons fertilizer; dairy utensils; ice box; potato table; double trees, pitchforks and many other useful items used on a farm, 3 full rolls of woven wire fence 48 in. high.

FEED—1000 bales of alfalfa and timothy hay; 100 bushels corn more or less. Some used lumber.

Lunch served by Couple Club of Dry Run Church

A radio dramatization of the popular motion picture, "Two

Years Before the Mast," will be presented on the Lux Radio Theatre on Monday, September 22, at 9:00 EST. Alan Ladd and Howard Da Silva will re-create the roles they originally played in the film, while other starring parts will be portrayed by Mac-Donald Carey and Wanda Hendricks.

Scheduled to return soon to New York after spending several weeks in Bermuda, Fred Allen will be back on the job late in September to prepare his half-hour program for its first seasonal airing on October 5th. This fall the airshow will

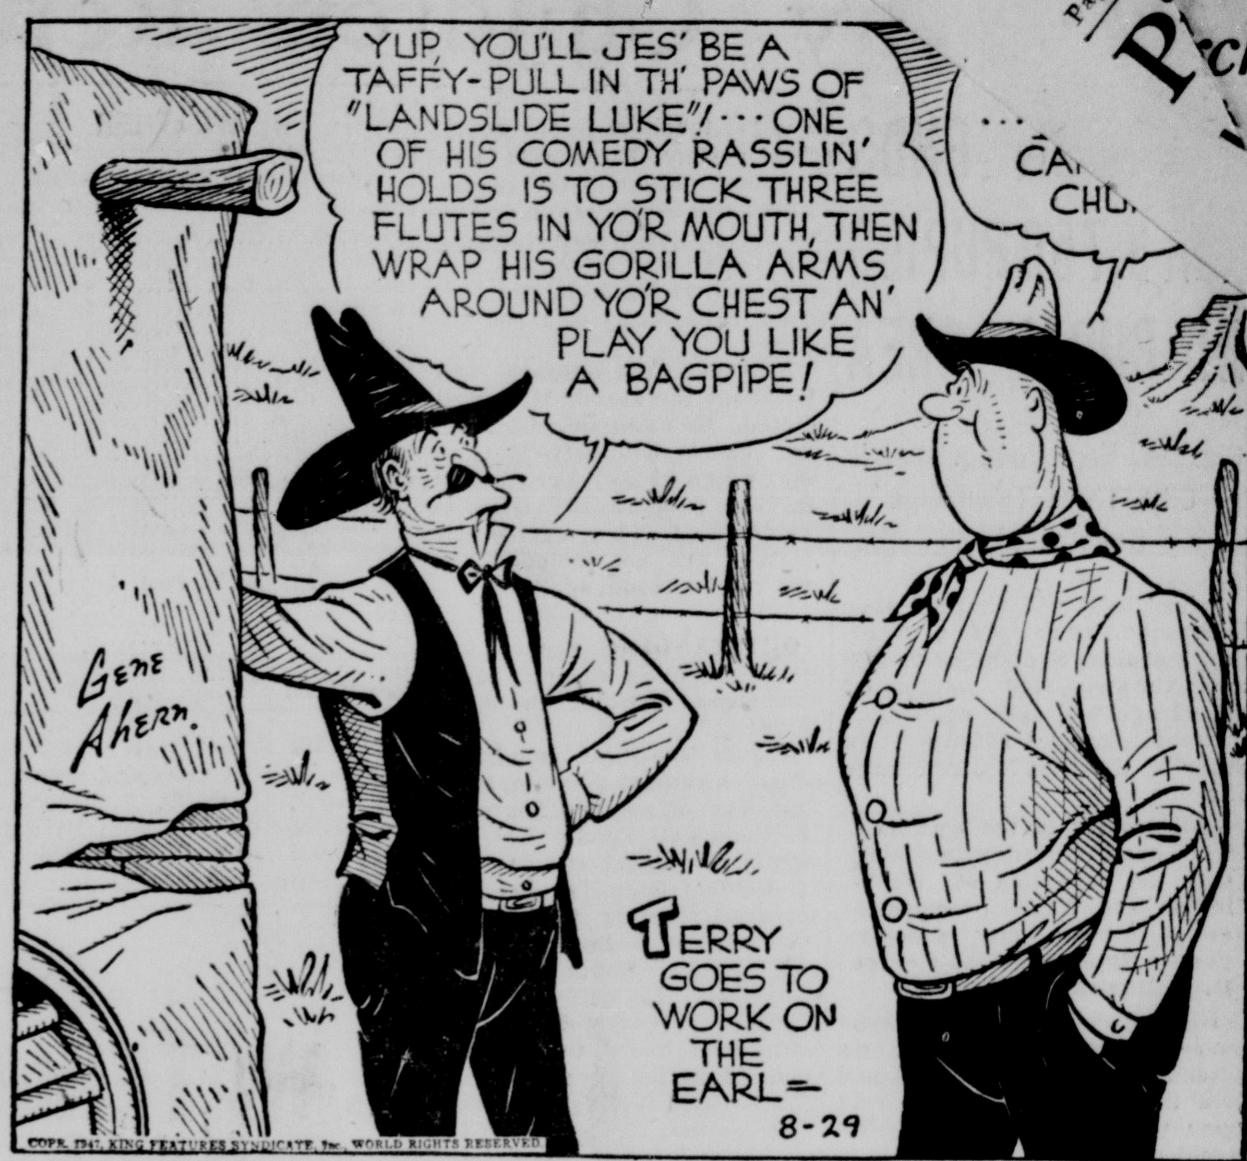

observe its fifteenth anniversary on the air.

Dagwood Bumstead, starred on the "Blondie" programs over CBS Sunday nights, is not as dumb as he sounds. Blondie asked him what was meant by the phrase, "The Three R's." "The modern Three R's," said Dagwood, "stand for Romance at 25, Rent at 45 and Rheumatism at 65."

Eddie Mayehoff, comedy star of radio and television who joins

the regular cast of the Bergen-McCarthy Show on Sunday, September 7th, was the first entertainer to sign a long-term contract to star on a television chief seaport.

North would never have considered bidding 2-No Trumps on his hand except for the fact that he knew West as a fellow who overdoes the idea of making short-suit leads against No Trumps. With the average player seated in the West, North would have bid 2-Diamonds, since his side was not committed to overly strong opening No Trump bids and he therefore was slightly under the strength necessary for a sound raise. He reckoned, how-

ever, that if he bid 2-No Trumps there was a good chance to get a short-suit diamond lead out of West, whereas a 2-Diamond bid would head it off.

If North had bid 2-Diamonds, South had enough surplus strength to call 2-No Trumps, despite the show of weakness, whereupon North would have gone game in No Trumps. And it would have been set because West then would have led his fourth-best heart, a suit which would have produced five trick tricks for the defense.

But with diamonds concealed West sure enough led his short suit, the diamond 9. Seeing that the club finesse had to work to produce nine tricks, South took the diamond lead in the dummy, playing the club Q finesse, went to dummy again with the diamond Q to the K, finessed the club J, scored the club A, led to the dummy's diamond 10 and thus scored five tricks in diamonds, four in clubs and two spades to get a couple of tricks above his game.

ever, that if he bid 2-No Trumps there was a good chance to get a short-suit diamond lead out of West, whereas a 2-Diamond bid would head it off.

If North had bid 2-Diamonds, South had enough surplus strength to call 2-No Trumps, despite the show of weakness, whereupon North would have gone game in No Trumps. And it would have been set because West then would have led his fourth-best heart, a suit which would have produced five trick tricks for the defense.

With diamonds concealed West sure enough led his short suit, the diamond 9. Seeing that the club finesse had to work to produce nine tricks, South took the diamond lead in the dummy, playing the club Q finesse, went to dummy again with the diamond Q to the K, finessed the club J, scored the club A, led to the dummy's diamond 10 and thus scored five tricks in diamonds, four in clubs and two spades to get a couple of tricks above his game.

CLOSING OUT SALE

PERSONAL AND REAL ESTATE

Due to the death of my husband I will sell the following real estate and personal property, located on Route 28, 10 miles west of Chillicothe and 12 miles east of Greenfield, known as the Pyley Farm, on

Thursday, September 4—10:30 A.M.

Farm consists of 167 acres, of which 107 acres are tillable, 60 acres blue grass and woods. Some timber and locust posts. It has a 4-room house, barn, dairy barn, garage and workshop. The house, dairy barn, garage and workshop are wired with electricity, also a 3-room tenant house. At the house is a never failing well of water. In the pasture are several springs that never go dry. Growing crops are 15 acres of good alfalfa, 10 acres of corn, balance red clover. This is an outstanding farm and well kept up with red clover. A new house is a foundation, basement, water lines, it is all ready to begin with the frame work.

This farm is well located on State Route 28, electricity, telephone, mail route and school bus right by the door.

The real estate will sell at 1 o'clock prompt.

LIVESTOCK—22 head cattle; 3 Guernseys; 3 Jerseys; 6 Short-horn and Jerseys. These cows have all been raised by Mr. and Mrs. Kelley and are of very good quality. They are from 4 to 9 years old. Have been T. B. and Bangs tested. 7 bred heifers; 2 Jersey heifers; 3 star registered Jersey bull, 2 1/2 years old, with the registration papers. 2 good work mares, weight 3200.

IMPLEMENT—Oliver standard row crop; John Deere tractor plow 14 in., two bottom; cultivators; Dunham tractor disc; Oliver 6 ft. combine, like new, combined less than 50 acres; horse drawn corn planter, with fertilizer attachment; John Deere horse mower; Superior wheat drill 12x7 with tractor hitch; hay loader; side delivery rake; wagon and hay ladders; corn sheller; cut off saw; McCormick-Deering grain rider 10 in.; electric milk cooler, 8 milk cans; power lawn mower; 1 1/2 ton Chevrolet truck, '39 model with long wheel base; 2 tons fertilizer; dairy utensils; ice box; pool table; double trees; pitchforks and many other useful items used on a farm, 3 full rolls of woven wire fence 48 in. high.

FEED—1000 bales of alfalfa and timothy hay; 100 bushels corn more or less. Some used lumber.

# Pickaway Children Return To School Tuesday

## VACATION ENDS FOR 3,750 PUPILS IN RURAL AREA

Classes For Youngsters In  
City, Three Townships  
Begin Sept. 15

School bells will ring out over Pickaway county plains Tuesday morning, September 2, and approximately 3750 youths of school age will once again pick up textbooks and resume the study of the time-honored three R's.

All schools in the county will open Tuesday morning with the exception of Washington and Wayne townships and Circleville city schools, County Superintendent George D. McDowell said Friday.

High school students in Wayne and Washington townships attend Circleville high school and the city's schools do not open until September 15. To avoid confusion grade schools in those two townships will conform to the September 15th schedule.

ALL OTHER county schools will open September 2. Most schools will hold a half-day session with pupils being dismissed a little before noon.

High schools and grade schools throughout the county have been cleaned and repainted and readied during the summer vacation for the reception of pupils.

Last year there were 2750 pupils in county grade schools and 800 high school students. Superintendent McDowell estimated an increase of 75 to 100 grade school pupils and an increase of 25 high school pupils for the county as a whole.

THE TEACHING staff for this year will have about the same number as last year when there

were 152 teachers in the county school system. Eight men and 77 women taught in the grades: 16 men and 20 women instructed the six six-year high schools; and 14 men and 17 women were employed to teach in the six senior high schools of the county.

This year the number will be about the same, McDowell stated. In addition some of the schools will participate in the veterans agricultural training program. Teachers to instruct the agriculture classes are not included in the total announced.

OUTSTANDING events during the coming school year as announced by McDowell include:

August 30—First superintendents' meeting; September 2—first day of school; September 12—Pickaway County Fair with dismissal suggested; October 24—Central Ohio Teachers' Association Meeting, Columbus.

November 7—Basketball season opens; November 10-14—American Education Week; November 11—Armistice Day with each board to decide if granted as holiday; November 27-28—Thanksgiving vacation.

December 3, 4, 5—First every-pupil tests; December 23 or 24—Christmas vacation begins; January 5—School resumes; January 5—Boards reorganize; January 14, 15, 16—First semester examinations; January 16—End of first semester.

February 6—General scholarship test for seniors; February 16, 19, 21, 23, 26, 28—County basketball tournament; March 26—Good Friday; March 31, or April 1 or 2—Second every-pupil tests; April 9—Preliminary district-state scholarship test; April 23—Eighth grade test; May 19, 20, or 21—End of second semester. Final reports due.

CLOSING DATE of school will be determined by "no school days" which need to be made up and by Labor Day teachers' meeting. Schools must be in session a definite number of days or state aid to the delinquent school will be withheld.

Legal holidays during the

year will have about the same number as last year when there

## BEST AND PALM DISCUSS FAIR FOR ROTARIANS

Rotarians heard county agricultural agent Lawrence A. Best explain the 4-H club stock exhibits planned for the Pickaway county fair during the regular Rotary club meeting at Pickaway Arms, Thursday noon.

Best also told the Rotary members about the livestock auction of 4-H steers planned for the fair.

Russell Palm also talked about the fair and gave the members a word picture of what was going to happen. He described the new buildings erected, and the exhibits planned.

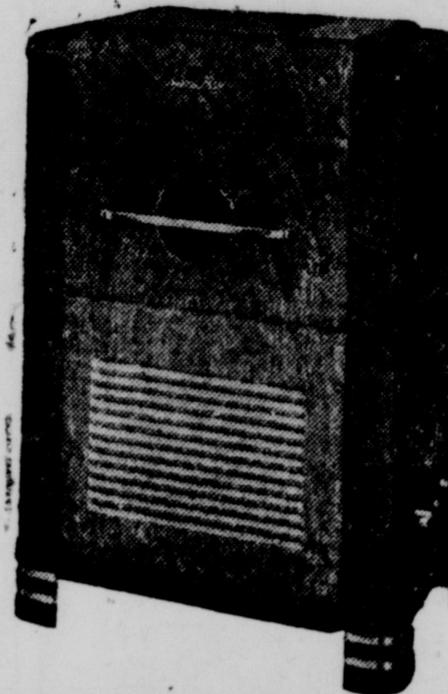

George Wadlington, State 4-H club delegate to Danforth Foundation camp at Shelby, Michigan, was scheduled as speaker. Be-

cause of an accident Wednesday of two fingers he was unable to attend.

## MAKE YOUR FUEL DOLLARS S-T-R-E-T-C-H

WITH  
GLOW BOY  
RADIATING...CIRCULATING  
COAL HEATERS

You get more useful heat out of every pound of coal with Glow Boy Heaters. These efficient heaters burn the combustible gases that go up the chimney unburned and wasted with ordinary inefficient heaters—the difference of burning your coal completely or only half burning it. GLOW BOYS not only make your fuel dollar S-T-R-E-T-C-H but give you more healthful and comfortable warmth. Don't delay—BUY your heater NOW!

# Pickaway Children Return To School Tuesday

## VACATION ENDS FOR 3,750 PUPILS IN RURAL AREA

Classes For Youngsters In City, Three Townships Begin Sept. 15

School bells will ring out over Pickaway county plains Tuesday morning, September 2, and approximately 3750 youths of school age will once again pick up textbooks and resume the study of the time-honored three R's.

All schools in the county will open Tuesday morning with the exception of Washington and Wayne townships and Circleville city schools. County Superintendent George D. McDowell said Friday.

High school students in Wayne and Washington townships attend Circleville high school and the city's schools do not open until September 15. To avoid confusion grade schools in those two townships will conform to the September 15th schedule.

ALL OTHER county schools will open September 2. Most schools will hold a half-day session with pupils being dismissed a little before noon.

High schools and grade schools throughout the county have been cleaned and repainted and readied during the summer vacation for the reception of pupils.

Last year there were 2750 pupils in county grade schools and 800 high school students. Superintendent McDowell estimated an increase of 75 to 100 grade school pupils and an increase of 25 high school pupils for the county as a whole.

THE TEACHING staff for this year will have about the same number as last year when there

were 152 teachers in the county school system. Eight men and 77 women taught in the grades; 16 men and 20 women instructed the six six-year high schools; and 14 men and 17 women were employed to teach in the six senior high schools of the county.

This year the number will be about the same, McDowell stated. In addition some of the schools will participate in the veterans agricultural training program. Teachers to instruct the agriculture classes are not included in the total announced.

OUTSTANDING events during the coming school year as announced by McDowell include:

August 30—First superintendents' meeting; September 2—first day of school; September 12—Pickaway County Fair with dismissal suggested; October 24—Central Ohio Teachers' Association Meeting, Columbus.

November 7—Basketball season opens; November 10-14—American Education Week; November 11—Armistice Day with each board to decide if granted as holiday; November 27-28—Thanksgiving vacation.

December 3, 4, 5—First every-pupil tests; December 23 or 24—Christmas vacation begins; January 5—School resumes; January 5—Boards reorganize; January 14, 15, 16—First semester examinations; January 16—End of first semester.

February 6—General scholarship test for seniors; February 16, 19, 21, 23, 26, 28—County basketball tournament; March 26—Good Friday; March 31, or April 2—Second every-pupil tests; April 9—Preliminary district-state scholarship test; April 23—Eighth grade test; May 19, 20, or 21—End of second semester. Final reports due.

CLOSING DATE of school will be determined by "no school days" which need to be made up and by Labor Day teachers' meeting. Schools must be in session a definite number of days or state aid to the delinquent school will be withheld.

Legal holidays during the
